Plan and Configure a Microsoft Teams Environment

Question Set 1

QUESTION 1

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

Your company has a Microsoft 365 subscription.

You plan to configure the environment to allow external users to collaborate in Microsoft Teams by using guest access.

The company implements a new security policy that has the following requirements:

- Only guest users from specific domains must be allowed to connect to collaborate by using Microsoft Teams.
- Guest users must be prevented from inviting other guests.

You need to recommend a solution to meet the security policy requirements.

Solution: From the Microsoft Teams admin center, you modify the global meeting policy.

Does this meet the goal?
